

I came to America in 2007 . I have being a distributor of AKUNA products since 2006 . Akuna distributes his products by a multilevel marketing system . Never before I would not believed that I will do this , just because I always had a skeptical attitude to this type of business . I had started use ALVEO as a consumer only , but I quickly find out that it really works more as well as I expected , and this was the reason why I become a distributor . Now I meet many people who are using ALVEO . I personally know people whom Alveo had helped rid of such disorders as migraine , piles , or high blood pressure . I also have my own experience : I had had a damaged vein on my leg and hypodermic stroke , as large as my hand . The doctor said that , the only way to support is a surgery , but I overcome this problem by using Alveo . How it all is possible ? Well .. The simplest answers are almost always very difficult to find them . What I think is , that Alveo gives to the body opportunity to revitalize by cleaning it of toxin , and providing to it a micro and macro-elements. That is way , I am still drinking it .
